**A student can join this class at any point in time. This weekly class is on-line live video-conference instruction using ZOOM software. It is not a recorded video. A student must register (and pay tuition ahead) for a minimum of 4 weeks, in order to reserve a spot in class.**

All class materials will be distributed via **Google Classroom**. Students will submit their homework using **Google Forms**. (Both are easy and convenient to use.)

**TUITION:** (1) If your student takes both English and Math portions, tuition is **\$260** for 4 weeks. (2) Your student may take only the **English** portion - if so the class time will be 2 hours per week and tuition will be **\$220** for 4 weeks. (3) Your student may take only the **Math** portion - if so, the class time will be 1 hour per week, and the tuition will be **\$100** for 4 weeks.

**NOTES:** (a) Tuition above includes all materials, taxes, registration fees, etc., so there is no additional fee. We also do not require any deposit, so there is no penalty should your student stop the class after 4 weeks. (b) If your student plans to miss a class, please notify us in advance in writing (Email or text) and we will not charge tuition for his/her missed class. Your student will still receive the homework assigned from the missed class and be prepared for the following class.

**We prefer payment by ZELLE** (please use our phone number or Email address) If ZELLE asks for a name use Boston Academy. If you must use VENMO, a smartphone app you can download and install for free (owned by PayPal) - please pay us @BostonAcademyAZ. Ensure you OPT OUT of any purchase, goods or service fees. (After installing, ensure you check the Settings menu, and select the appropriate Privacy level.) We do not accept credit card payment over the phone

If your student plans to join, we need to email you **Skills Assessment Test** (as PDF file) which your student is encouraged to complete as much as possible, and submit before his/her first class (so then we can grade and score the assessment packet - which will serve as your student's "baseline" to monitor improvement).
